A Physician's Report on Tuberculosis Medicine

"Have used Eckman's Alternative in several cases of tubercular glands of the neck with excellent results every time. In one case it cost me \$50, for the girl was put on it only until she could arrange to be operated, and in a short time an operation was not needed. I suppose your records are just as fine as of old. You know my faith in it."

Eckman's Alternative is effective in other forms. Read what Mrs. Garvin says: Idaho Falls, Idaho. "Gentlemen: I have gained twenty-two pounds since last February and my baby is in perfect health. She is now four months old. I have been waiting since she was born to see how I would get along. I am now doing all my work, have been ever since she was four weeks old, and I am steadily gaining. I do not cough or raise anything at all. I believe my lung trouble is cured."

(Signed Affidavit) MRS. M. H. GARVIN. Note—Mrs. Garvin is the mother of seven children.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit forming drugs.
